

# Recovery & Wellbeing Practitioner

(Salary as advertised)

**Chester**

**37.5 hours**

**Fixed Term**

## 1. Main purpose of the role

- ▶ The post holder will work from the service hub and, at times, across the local community, undertaking a wide range of 'duty' and 'care-coordination' functions, working with service users from the point of first contact through to their planned exit from the service following treatment.
- ▶ The post holder will be responsible for completing comprehensive assessments, risk assessments, risk management and Wellbeing & Recovery Activation Plans (WRAPs) with service users to ensure personalised and recovery-focused treatment journeys.
- ▶ An important aspect of the role is identifying the needs of service users' family members and significant others and facilitating access to appropriate support within the hub.
- ▶ This role is integral to ensuring recovery outcome focus throughout the treatment system. It supports the delivery of a wide range of interventions, including but not limited to: addressing substance misuse; reducing reoffending; Education, Training & Employment (ETE); and working with children and families.
- ▶ As a Recovery & Wellbeing Practitioner, you will work well in partnership with our clinical and aftercare services, Criminal Justice agencies, treatment providers, service users and the local community.
- ▶ Your passion for evidence-based interventions and your ambitions for the long-term recovery of our service users will shine through everything you do: promoting recovery in your daily practice in both group and one-to-one settings.
- ▶ In collaboration with the Recovery & Wellbeing Nurse you will ensure prescribing interventions are outcome-focused and fully integrated into recovery plans.
- ▶ You will work 37.5 hours per week and will need to demonstrate a high degree of flexibility in order to respond to the service needs within this crucial aspect of the treatment model

## 2. Reporting and working relationships

Recovery & Wellbeing Practitioner

### Reporting relationships:

- **Reports to** Recovery & Wellbeing Senior Practitioner

**Working relationships:**

- ▶ Service Users
- ▶ Peers
- ▶ Volunteers
- ▶ Management Team
- ▶ Partner Agencies
- ▶ Prescribing Service

**3. Role-specific responsibilities**

- 3.1
- ▶ To carry out triage and comprehensive substance misuse assessments, risk assessments and develop person-centred Wellbeing & Recovery Activation Plans (WRAPs).
  - ▶ To complete Community Care Assessments to facilitate access to funded treatment.
  - ▶ To actively promote and undertake a range of screening and harm reduction interventions including alcohol screening, BBV awareness and Dry Blood Spot Testing, offering harm reduction advice and engaging service users through the Needle Syringe Programme.
  - ▶ To work with service users to draw up comprehensive Recovery Plans that address the needs of the individual and their family members/carers and utilise the full range of services available within the service and externally.
  - ▶ To carry a service user caseload and undertake a variety of care coordination responsibilities; supporting service users throughout their treatment journey and providing structured one-to-one key working to all service users engaged in treatment in the service.
  - ▶ To carry out regular Recovery Plan reviews, attend and co-ordinate multi-disciplinary review meetings both within the service and with external parties where appropriate, and provide detailed reports for clients involved with statutory services.
  - ▶ To develop and facilitate group work programmes to support service users in their recovery and maximise outcomes.
  - ▶ To maintain accurate and timely service user records through the case management system in compliance with our Information Governance policy.
  - ▶ To work proactively and flexibly to prevent service users from dropping out of treatment and to re-engage them if they do.
  - ▶ To support service users to access and engage education, training and employment opportunities to maximise reintegration following successful completion of treatment.
